I'm good if you're good. Thanks for taking a look. Am checking in with MT to verify need. Didn't come up through their process with EPR so maybe off the list for now.

Looks good to me. If we need to discuss drop by anytime before noon. I should be in my office most of the morning. Deb

Subject: OCPI proposed external hires

Wanted to share with you what I shared with Deputies yesterday at our resource meeting as our list of external hire priorities (attached and listed below). I should have checked in with you sooner but if you have some time today, would like to review with you and make sure it aligns with your thoughts on priorities for OCPI. There's always time to regroup. (And I've already had some additional thoughts.)

We Deputies, only listed the first position for a Digital Engagement Specialist on the list of 22 that will be presented at RMC on Tuesday. This position, although previously requested and approved as an internal hire, may now require quite a bit more skill than we have in house. And Json can always apply. Shaun recently expressed some interest in adding a second congressional/intergovernmental liaison position as well (# 5 below).

I'll check in with Betsy to see what might work or just drop me a line. Thanks!!!

- Paula
